

NATIONAL COUNCIL FOR
Community and Education Partnerships

Updated 10/7/19

Communications Internship

The National Council for Community and Education Partnerships (NCCEP) is a national non-profit, non-partisan organization working to increase access to higher education for economically disadvantaged students. Confident that education paves the way to social equity, NCCEP advances college access through advocacy, training, and research. To fulfill this mission, NCCEP establishes community-education partnerships, strengthens research-based college access programs, and develops tools and resources to provide educational opportunities for all students.

One of NCCEP's primary functions is to serve as an intermediary organization for public agencies, private and corporate foundations, and their grantees. Most significant of these efforts is the federally funded GEAR UP initiative (Gaining Early Awareness and Readiness for Undergraduate Programs) for which NCCEP serves as the national association, technical assistance provider, annual conference convener, and voice in Washington, D.C. NCCEP works to elevate and encourage replication of GEAR UP's best practices, and facilitates opportunities for GEAR UP to test program models that hold the promise of increasing student success, graduation rates, and postsecondary enrollment.

Internship Focus

NCCEP's Communications Intern will assist the NCCEP Government Relations team with several vital communications initiatives. The Intern will primarily support NCCEP's social media plan. The intern will also develop press releases for GEAR UP awardees and develop visual representations of data and information related to the Annual Conference. The intern will also work collaboratively on other tasks as assigned including: assisting with Annual Conference planning; reviewing and proofreading the Annual Conference program app; and supporting NCCEP's Youth Leadership Summit. This internship is a non-paid work experience.

Eligibility Criteria

NCCEP is seeking talented, currently enrolled undergraduate and graduate students who can demonstrate the following:

- Pre-existing interest in education, communications, and advocacy
- Strong written and oral communication skills
- Experience with traditional media and social media, including Twitter, Facebook, and Instagram
- Ability to synthesize data collected and generate written material
- Is detail oriented and a self-starter able to multi-task, prioritize, and meet deadlines
- Ability to transition easily from working as a team player to working independently
- Desire to grow and learn from the experience

NCCEP, an AA/EO institution, is strongly and actively committed to increasing diversity and providing equal opportunity within its community.
