Cooke Access Portal (CAP)
Scholar Manual for Undergraduate and Graduate Scholars
Introduction
Welcome to the Cooke Access Portal (CAP), a system created by the Jack Kent Cooke Foundation to help scholars fulfill their scholarship requirements. You will use CAP throughout your time as a Cooke Scholar to input grades, upload transcripts, communicate with the Foundation and perform other required tasks.

Accessing CAP
To sign in, go to https://jkcf.org/cap and log into your account. If you have forgotten your password, click the Forgot Password? link to set a new one.

The sign in screen will look like this:

Dashboard
When you first log in, you’ll start on your CAP dashboard. In the upper right corner of the screen, you will also see a link to My Dashboard to navigate back to the main page at any time. From the dashboard, you can update your personal information, upload your grades, complete your COA, submit your bills, communicate with the Cooke Foundation, and access your personal To Do List.
About Me

To get started, click on the About Me icon on your dashboard. About Me is where you review and edit your personal information, including contact and demographic information. You must keep your information up to date; it is the primary way in which the Foundation will communicate with you. Once you have updated your information please be sure to click “Profile Up-To Date” to save and submit your updates in CAP. Please note that you will be prompted periodically to update your information.

Name
Use this tab to add your preferred name (if you prefer a name different from your legal name) and provide pronunciation of your name. If your first or last name changes, please contact us at cap@jkcf.org with changes to your name.

Remember to click the Save button on the bottom of the page when you are finished updating data in each of the sections.

Addresses
Use this tab to provide the Foundation with your address(es). To edit, add, or delete your addresses, click the Add/Edit Addresses link. From there, you may edit any of your addresses or add a new address by clicking the New Address button. Make sure to properly designate your addresses (School, Permanent, Temporary) and indicate the address you’d like the Foundation to use as your primary address. We may periodically mail correspondence to your primary address.

Email Addresses
Your primary email address is also your username for the system. If you use other email addresses, please enter them in the Email Addresses tab, but keep in mind that the address in the Primary Email field is the one you will use to log in to CAP. Changing your primary email address will change the username you use to sign in. If we have trouble reaching you at your primary email address, we may attempt to reach you at the additional email addresses you provide.

Phone Numbers
Like the Email Addresses tab, enter your primary phone and any other phone numbers where you may be reached.
Emergency Contact
You are required to designate at least one emergency contact and may list one additional contact as well. We require this information in case we need to reach someone during an emergency or if we are unsuccessful in contacting you. Do not include someone you do not wish the Foundation to contact or someone who is difficult to reach.

Demographics and Hometown
Some of the fields in your profile were populated from information in your scholarship application. You may update your demographic and hometown information at any time. If you find that you are unable to make a change and/or see a mistake that you are unable to update, please contact the Cooke Foundation at cap@jkcf.org.

Country of Citizenship
If your country of citizenship changes, please update it on this tab. If you have dual citizenship, please pick one of your countries of citizenship to list here.

My Academic Institutions
In the My Academic Institutions section, you provide information about the school you are currently attending. While most scholars will only attend one institution during their scholarship program, some will attend a different institution if participating in approved summer study, study abroad programs, etc.

Please note: Adding an institution in CAP does not constitute a request for summer study funding, to transfer to a new institution, or to add additional time to your Cooke scholarship. Please contact your educational adviser if wish to discuss attending a different institution.
Adding a New Academic Institution

1. Click the Add New Academic Institution button.

2. Select one of the following as the type of institution and click Save:
   - College/University – if you are enrolled in an undergraduate degree program.
   - Graduate School – if you are enrolled in a graduate program.

Once you choose a school type, you will see this page:

3. In the Academic Institution field, start typing the name of your institution. As you type, a list of schools will populate. If your school is listed, select it. If you don’t initially see your school, continue to type the complete name or try different variations of your school’s name.

   If you are unable to find your school in the list, refer to the next section in this manual titled Registering a New Academic Institution to register your school.

4. Graduate Scholars will enter the name of their enrolling school or program.

5. From the Schedule dropdown, select your school’s academic calendar. The choices are Semester, Quarter, or Trimester. Please note that if your school has three main terms (fall, winter, spring), you should select Trimester as your school’s schedule even if your school may refer to them as quarters. Only if your school has four actual quarters in which you typically enroll should you select Quarters. (Four full quarters of enrollment usually applies only to graduate programs.)

6. Indicate if you are currently enrolled at this institution.
   - If you are currently enrolled or will be soon, select Yes and enter your Anticipated Graduation Date. If you are unsure of your graduation date, please provide your best estimate.
- If you are no longer enrolled at the institution, select No and answer the “Did you Graduate?” question. If you select Yes, enter your graduation date and the term in which you graduated.

7. Click on the Enter Degree(s) button to enter your intended degree and major/field of study information. Click the plus button (+) to add a degree.

For Undergraduate Scholars the screen will look like this:

1. On the Add New Academic Institution form, click the Enter New Academic Institution button.

   ![Enter New Academic Institution](image)

2. A window will pop up asking you to provide your school’s name, address, and website as well as your name, phone number, and email address.

3. Click the Submit button at the bottom. Once we have verified your school, we will notify you via email that you may now complete the academic institution section of your profile.

My Grades

The Foundation requires scholars to submit grades at the end of every term. Promptly submitting your grades is required to maintain good standing in your scholarship program. Please note that an official transcript is required every spring term. Unofficial transcripts are acceptable for all other terms if the submitted transcript has your full name, institution, course names, credit hours, and grades assigned.

At the end of every term, you will receive an email notification that it is time to submit your grades in CAP. A request to enter grades will show up on your To Do List on your dashboard. Please note, you will not be able to submit grades until the request appears on your To Do List.
Adding New Grades

Before you enter your grades, you must have a copy of your most recent transcript. You cannot edit your grade entry once you click Submit, therefore do not start this process until all your grades have been posted by your school. Your transcript must contain data for all required fields.

1. To begin entering your grades, click on Grades tab on your To Do List.
2. Click the View button next to the institution for which you are submitting grades.
3. Enter your year in school and the academic year.
4. Enter the school term for which you will be entering grades.

5. Review your degree information. Click Enter Degree(s) button to review and update your degree, major/field of study, and minor information, if necessary.

For Undergraduate Scholars Only:

1. Click on Enter Course(s) button. A new window will open for you to enter information for each course. To add a course, click on the plus button (+).
For each course, enter the following:

- **Course Number** – enter “1” if course number is not listed on your transcript
- **Name of Course Provided on Transcript** – enter the exact course name as it appears on your transcript
- **Subject** – select the subject from the list that most closely matches the course. If you are unsure which subject your course belongs in, please review the list.
- **Credit Hours** – enter “1” if credit hours are not listed on your transcript
- **Course Grade** – enter the grade you received in the course
- **Counts Towards Major** – does this course count towards your major? If you have not yet declared a major, please select “I’m not sure”.
- **Counts Towards Minor** – this field will appear if you selected a minor in the “degrees” section

Click the plus button (+) to add grade information for all your courses for the term. The following is a screenshot of this page populated with grade information.

2. After you have finished entering all your course and grade information, click the Save and Close buttons on the bottom of the grade form.

For both Graduate and Undergraduate Scholars:

1. Click on the upload button under Upload School Grade Report/Transcript. This will open a file manager upload window. You may either drag your transcript file into the window from your computer or click the folder icon to find and select the file to upload. If you have only a paper transcript, scan and save it as a file or take a clear photo with your phone and upload the image. **Please note that your spring term transcript must be an official transcript. To upload an official transcript, you must request the transcript be sent directly to you. You may open the official transcript, scan it, and upload it as instructed above.**
2. Answer the questions regarding your term and cumulative GPAs. If your transcript lists a term GPA, select Yes and enter your term GPA. If your school does not provide term GPAs, select No and provide an explanation as to why there is no term GPA. Do the same for the following question regarding cumulative GPA.

[Form fields for Yes/No questions and GPA entries]

3. Use the notes section at the bottom of the page to provide comments about your grades.
4. After you have provided all required grade information, click the Submit button.
5. If there is an issue with your uploaded transcript or your submitted grade information, the grade request will re-appear on your To Do List. Please check the “Note” section on your grade request to see why your grade submission was not accepted.

Cooke Forgivable Loan Program – for eligible Cooke Undergraduate Scholars only

For undergraduate scholars receiving forgivable loan(s), additional steps through CAP are required to accept, partially accept, or decline the loan(s) as well as to sign the loan agreement letter(s). If a Parent PLUS loan is also part of your award, you must accept, partially accept, or decline the PLUS loan on your parent’s behalf. Therefore, please discuss this funding with your parent(s). If you accept or partially accept, you will provide, via CAP, information about your parent who will take out the loan.

The following is a sample of the email you will receive from CAP@jkcf.org instructing you to log in to CAP to take action on a loan. Please watch for this email. If you do not receive it within 24 hours, check your Junk and Spam email boxes. If you still cannot locate this email, contact the Cooke Foundation by sending a communication via CAP or an email to finances@jkcf.org.
Dear John,

This email serves as notification that you must take action in order to participate in the Cooke Foundation's loan forgiveness program. A loan agreement letter has been created through the Cooke Access Portal (CAP). You must log in to CAP, click “Loan Forgiveness Agreements” under your To Do List and follow the instructions. You will be prompted to accept, partially accept or decline participation in this program. If you accept or partially accept participation, you will receive an email allowing you to electronically sign your loan agreement letter. You must also upload to CAP your loan disclosure statement.

A signed loan agreement letter and an uploaded disclosure statement must be completed by November 02, 2018.

Please log in to CAP [https://account.mycfs.org].

To obtain your loan disclosure statement, log in to [www.studentloans.gov], using your Federal Student Aid (FSA) ID. The statement will be available by year via the left navigation link. Upload the 2015-2020 loan disclosure statement to CAP.

If you have questions, please send an email to [financial@cia.org] or send a communication through CAP.

Thank you,

Cooke Foundation Scholarship Finance Team

After you log in to CAP, click on Loan Forgiveness Agreement under your To Do List. Click the View button to the far right next to the loan for which you need to take action.

You will then see the page allowing you to accept, partially accept, or decline the loan. If you are unsure about your loan decision, we advise you to accept the full amount of the loan. You may always take out less or decline the loan later. Therefore, it is to your advantage to accept the full loan now if you are undecided.

Once you accept the loan(s), you/your parent will receive an email that instructs you/your parent to sign the loan agreement letter(s). Click the Review Document button in the email. **Once again, please watch for this email. If you do not receive it within 24 hours, check your Junk and Spam email boxes. If you**
still cannot locate this email, contact the Cooke Foundation by sending a communication via CAP or an email to finances@jkcf.org.

Signature Required for Cooke Foundation Direct Loan Forgiveness Agreement: 2018-2019

Check the box next to “I Agree to Signority’s Terms of Service” and click OK.

Read the letter, e-sign where indicated, and click the Submit button. This action automatically signs the loan agreement and links it to your CAP account. Please note that only the e-signature portion of the letter is displayed below.
Remember too that you must upload all loan disclosure statements via CAP by November 1. You do this by clicking the View button next to the corresponding loan located under Loan Forgiveness Agreements on your To Do List. Upload the disclosure statement(s) by clicking the upload button located under the “Please upload the PDF Disclosure Statement” section. Then click Submit.
Bill Submission

Immediately after you receive your award notification (which indicates that your COA has been processed and approved), you may upload your billing statement. A task will appear under Payments on your To Do List on your CAP dashboard. Click on Payments or the My Scholarship Payments link to upload your current bill. Click the View button next to the correct scholarship payment line. Pay attention to the due date so that the correct bill is provided for the current term.

Acceptable bills (print screen or PDF), must include the following:

- Your name
- Your school’s name
- An itemized list of tuition and fees, and, if applicable, on-campus room & board and health insurance for the term

Upload your bill by clicking on the upload button under “Please upload the Bill” and click Submit.

Please note that the Foundation will schedule all your payments for the entire academic year once your COA award is approved.

If you are on a semester system, the bill due date schedule is as follows:
Fall - 10/1  
Spring - 1/1

If you are on a quarter or trimester system, the bill due dates are as follows:

Fall - 9/1  
Winter - 1/1  
Spring - 3/1

You are encouraged to upload your bill earlier than the due date. Remember that the Cooke Foundation requires two to three weeks to process your bills before payment will be sent to your school. In addition, we do not pay late fees, so upload your billing statements as soon as your school makes them available.
